## Finishes

**Profile Finishes** Shapes offers a diverse range of colors and finishes achieved through advanced manufacturing processes, including:

- **Powder Coating** – Provides a durable, uniform finish with excellent color retention.
- **Sandblast Painting** – Delivers a textured, matte surface with a rugged character.
- **Anodized Brushing** – Creates a refined, sleek appearance while enhancing corrosion resistance.
- **Plating** – Adds a decorative metallic layer that is both protective and visually distinctive.
- **Custom RAL**- Custom RAL colors are available upon request. Contact us to learn more.

These finishing techniques allow Shapes to meet a wide range of aesthetic and performance requirements, ensuring each product is tailored to both design vision and functional needs.

Please select your profile finish from Profile Colors and include finish code in code configuration.

The selected finish will apply to both the fixture body and canopy.
