

Light is an indispensable value and a characterizing element of architecture. Light has the power to change the environmental atmosphere and personal sensations in an instant.

At Luxformae, our mission is to integrate the ethereal immateriality of light to define architectural spaces blending enhanced design and ergonomics with unique style and excellent performance.

We pride ourselves on sourcing unique design solutions you can trust from the moment you discover our offerings.

Our best clients know that when they come to Luxformae, they can expect quality products that can be used beyond just the front of the house. They know they can send us concept renderings and images, and we will transform those ideas into reality by sourcing quality solutions. They know that if there is an issue, our team will work to reconcile concerns quickly and efficiently.

We pride ourselves on creating solutions you can trust from the moment you get in touch.

Through our uncompromising commitment to quality control and our expertise in risk assessments and technical details, you can rest assured that we have everything covered.

It's a tried and trusted approach that allows us to deliver exactly what you want, when you want, and at the right price.

We simply wouldn't have it any other way.

CATALOG PRODUCT

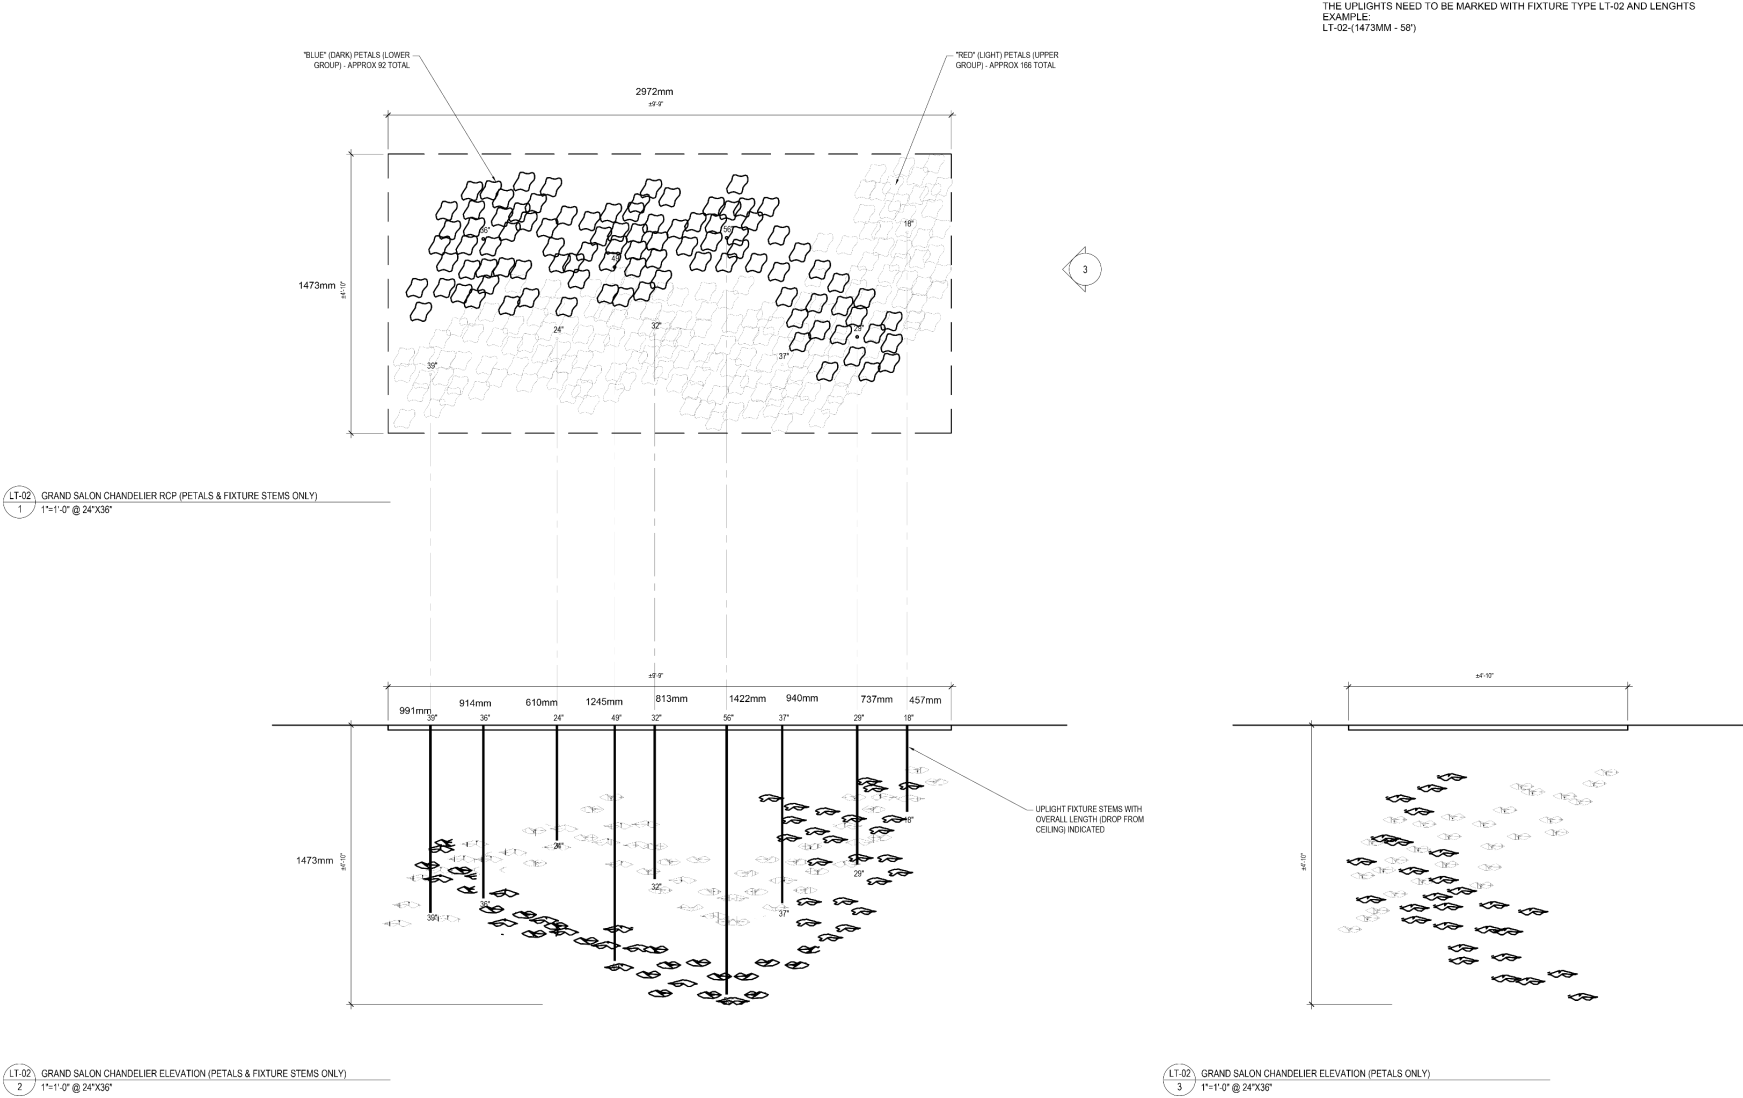

ELEMENTS

A modular lighting system featuring curated glass forms that appear to float, subtly illuminated by integrated indirect lighting. Scalable from intimate arrangements to grand installations, Elements offers tailored solutions for a range of architectural environments.

SHAPES - Form 360

Form 360 is a versatile family of low-profile circular luminaires available as suspension or surface mount. With multiple diameters, depths, 4 standard finishes and custom RAL colors, and control options, the collection delivers uniform, flicker-free illumination ideal for commercial, hospitality, and architectural environments. Its flexible specification options make it easy to integrate Form 360 into a wide range of ceiling conditions and design intents.

Available in 4 Standard Colors:

White

Black

Silver

Gold

+ Custom RAL Colors

SHAPES - Form SQUARE

Form SQUARE is a versatile family of low-profile luminaires available as surface or suspension mount. With multiple sizes, depths, finishes, and control options, the collection delivers uniform, flicker-free illumination ideal for commercial, hospitality, and architectural environments. Its flexible specification options make it easy to integrate Form SQUARE into a wide range of ceiling conditions and design intents.

Available in 4 Standard Colors:

+ Custom RAL Colors

SHAPES – Circle and Linear Surface and Suspensions

A modular lighting system built from essential geometries — circle and line — engineered for flexibility, precision, and visual comfort.

Linear and Circular fixtures combine clean profiles, diffused optics, and scalable dimensions to suit projects from continuous runs to sculptural installations.

SHAPES - Linear Connectors

Available in fourteen precise angle combinations, Linear Connectors link pendants and Circular Connectors to create seamless transitions, intersections, and directional changes within a composition.

SHAPES – Circular Connectors

Offered in nine diameters, Circular Connectors join Linear Pendants and Connectors to form rings, arcs, and complex geometric arrangements — enabling continuous, uniform illumination across any configuration.

SHAPES

A modular system where circles and lines combine without limits — connecting geometry, light, and architecture into a single expressive language.

MAGS – Magnetic Track

Seamless, versatile, functional, aesthetic, magnetic track system for recessed, surface mount, and suspended applications. Offered in linear or circular forms in two widths - regular and mini.

MAGS MINI– Magnetic Track

Low-profile version of MAGS track. Less than 1.1" square for surface and recessed model. Pendant models also offer Up-Down versions

DECO – Pendants

Deco Series Pendants offer a modern design aesthetic with excellent lighting performance and sleek styling. Use DECO for your highest-profile hospitality, lobby, café, and circulation areas along with any other space that can utilize a strong vertical linear lighting presence.

CUSTOM

Luxformae offers unparalleled custom services. Using metal, glass, fabric, acrylic, leather, and more, Luxformae can create grand-scale statement pieces, art installations, systems, and custom-production project-specific fixtures. We can produce in any design style, from traditional to modern. We provide renderings and finish samples during the process.

All lighting fixtures are listed as UL/ETL before leaving the factory.

Light Box

Light Box

Light Box is a limitless opportunity to design with light.

Using fabric, acrylic or glass diffusing medium, Light Box allows the bespoke creation of illuminated geometric shapes in small – to large-scale sizes. These shapes can be used as elements of architectural embellishment or as stand-alone functional surfaces such as counters, desks, and displays.

Light Box

Made from extruded aluminum profiles, fire-resistant diffusers, and high-quality LEDs, the Light Box combines form and function. Profiles can be straight or curved and support integrated bug screens, with seamless fabric widths up to 12 feet and lengths up to 50 feet — adapting effortlessly to any architectural space.
